November 7, 2020

Dear

You have received this letter because you previously donated money through UBUNTU Niagara, supporters of the efforts of the Stephen Lewis Foundation (SLF) toward the eradication of HIV/AIDS in Africa. Once again we thank you for your past support. The need for funds to continue this important work by the Foundation has increased significantly due to the dilemma of the additional impact of the Covid-19.

December 1st is International World AIDS Day. Through the medium of an annual Benefit Concert WomEnchant Chorus & Drummers, with Laura Thomas, Artistic Director, have featured as performing artists to raise funds for SLF for many years. Due to the dangerous reality of Covid-19 this option is not available this year.

Alternatively, UBUNTU Niagara is appealing to you and our previous donors, for your financial assistance which will help SLF to continue its selfless work at a time of even greater need for eradication of compounded pandemics in Africa.

SLF will issue a tax receipt for donations of \$20.00 or more. A stamped addressed SLF donation card is enclosed to expedite your gift giving, and strengthen our resolve. The mask which is also enclosed is a token of our appreciation of your support, and our best wishes for your personal health and safety during these times of uncertainty.

On behalf of all those who will be blessed by your generosity, THANK YOU.

Namaste,

Agnes E Liles
